

Azizi A. Adeyemo

+447984355018 | azizi.adeyemo@gmail.com

After four years of teaching and one of travel I am looking for a new career where I can better use my problem-solving skills and affinity for technical understanding. Throughout my degree I found the experience of solving problems with code and computation to be one of the most rewarding aspects of study. I would now like to return to that passion and develop my understanding and ability further, working for a company that will grow and enhance my potential. I am always excited to tackle new problems and I am flexible to the changing situations of a busy work environment.

Education

PGCE with QTS, Goldsmiths, University of London **2016**

Msci Physics with Theoretical Physics, The University of Nottingham – 2:1 **2014**

2 A Levels in Media and Physics, Haberdashers' Aske's Hatcham College Sixth Form **2007**

8 GCSEs including English and Maths. Haberdashers' Aske's Hatcham College School **2004**

Core proficiencies

Technical

- Familiarity with object orientated programming and various coding languages including Python, C# and MATLAB, demonstrated in masters and self-learnt coding exercises.
- Excellent science knowledge. Expert in Physics and Maths.
- Proficient in broad range of IT skills including: building, repairing, maintenance of hardware; setting up home networks and being the "go-to" tech support for those in my vicinity.

Problem Solving

- Adept at viewing problems in abstract terms to allow for creative problem solving and consideration of multiple solutions.
- I discuss challenges to discover and share alternate answers and further broaden my repertoire of skills.
- Experienced at researching and implementing solutions to new problems (technical and otherwise).

Organisation

- Experienced at planning professional responsibilities; and student progress months ahead of time; whilst also being flexible to the changing circumstances and needs of students and the organisation.
- Strong time management and prioritisation skills; honed from years of meeting pressing deadlines as a teacher.

Communication

- Experienced presenting topic overviews to colleagues and lessons to classes.
- Clear and concise verbal communicator and focused listener. These skills have been essential in the classroom and with my colleagues.
- Capable written communicator with extensive experience writing scientific reports, student reports communicating with parents etc.

Interests and activities

In my free time I enjoy rock-climbing, cycling as well as curating and recording a podcast. I am an avid reader, enjoy travelling and the opportunity to make new friends.
